

OZOSANY 7.0

OZONE GENERATOR

OZOSANY is a professional ozone sanitizing system. This innovative method of cleaning eliminates spores, bacteria, parasites and viruses without the use of chemicals. What is more, it does not require the use of labor, leaves no chemical residues and has no contraindications. It acts rapidly and, being a gas, is able to reach even the most inaccessible recesses.

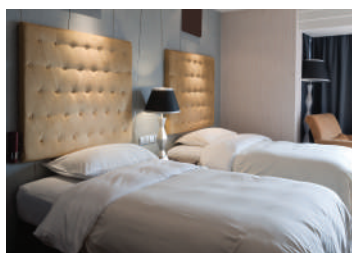

Technical data		
		OZOSANY 7.0
Capacity	lt/min - lt/h	28.3 - 1700
Sanitizable space	m³	720 - 840
Technology		plates generator
Gas source		air
Cooling method		air
Power supply	V - Hz	220/240 - 60
Power	W	125
Timer		adjustable
Certifications		CE, ROhs
Dimensions	mm	250x200x285
Weight	Kg	5,5

Where to use:

Cars interiors

Hotel rooms

Kitchen

Restaurants

Vets

Medical surgeries or dental
