OZOSANY C

OZONE GENERATOR

Ozosany C offers maximum flexibility, efficiency and effectiveness for many applications in the environmental sanitation. Ozosany C incorporates the latest patented technology “cold corona discharge”, letting to adapt our systems to different configurations and select the right setting for specific applications.
The new technology allows Ozosany C to provide effective result.

Technical data		
		OZOSANY C 7.0
Fan flow rate	W	25 x 2
Ozone concentration	g/h	7
Technology		corona discharge
Gas source		air
Cooling method		air
Ozone tube power	W	80
Pump power	W	5
Pump flow rate	LPM	15
Pomp pressure	Kpa	17,8
Dimensions (lxpxh)	mm	300x302x401
Weight	Kg	10
